

foot. This can also occur where the average square footage increases due to changes in unit mix reporting.

## **TERMINOLOGY**

Unit mix as described in this report is a three-digit format. The format is defined as:

Bedroom(s) / Bath(s) / Den or Loft

For example, the unit mix 2/1.5/1 describes a 2 bedroom,  
1 ½ bath and 1 den or loft apartment.

The category entitled “units” states the number of each type of floor plan included in the data survey by state, region, or county
